

Annual Requirements Due In JUNE

Each year, volunteers are required to complete annual training updates to ensure we remain in compliance and our office records are up-to-date. We want each individual to be comfortable with the information they are required to know as a volunteer at St. Elizabeth Healthcare.

Annual requirement information has been mailed to you. This communication includes direction on:

- **Annual Training** – requirements vary by Volunteer Position Level which are based on degree of patient contact and the physical volunteer location
- **TB Testing** – Level 1 volunteers only (*patient-centered volunteer areas*)
- **Self-Review** – Adult volunteers only

Training will be available online beginning **Monday, June 3**. In addition to an online option, we are offering an in-person training session at SETEC (*St. Elizabeth Training and Education Center*) on Monday, June 10. The In-person training will cover Levels 1 and 2 of the annual training material.

VOLUNTEER SPOTLIGHT

Khaled Karazon

Khaled Karazon has amassed more than 370 hours of volunteer service as a Patient Transporter at St. Elizabeth Edgewood.

Khaled began volunteering when he was 14 years old alongside his brother. He wanted to explore the healthcare field and knew he could be helpful during a tumultuous time for hospitals. Khaled has been in Patient Transport since he began volunteering almost four years ago.

“I love to see the rhythm of the hospital – seeing the people. I knew what I liked so I kept coming back!”

Following his graduation from Ludlow High School, he will be attending the University of Cincinnati to study bio-medical science. He plans to continue volunteering throughout his college career.

St. Elizabeth Healthcare congratulates all students graduating this spring!
